Corey Middleton, AKA "Hambonesfury," is an Alabama resident who is a heathen/asatru fascist and avowed nationalist, anti-Semite, misogynist, and an advocate for anti-LGBT+ rights. His social media posts include outright examples of fascism and ethnonationalism, and appears to support violent fascist groups such as [League of the South](#) who marched in the deadly fascist Unite the Right rally.

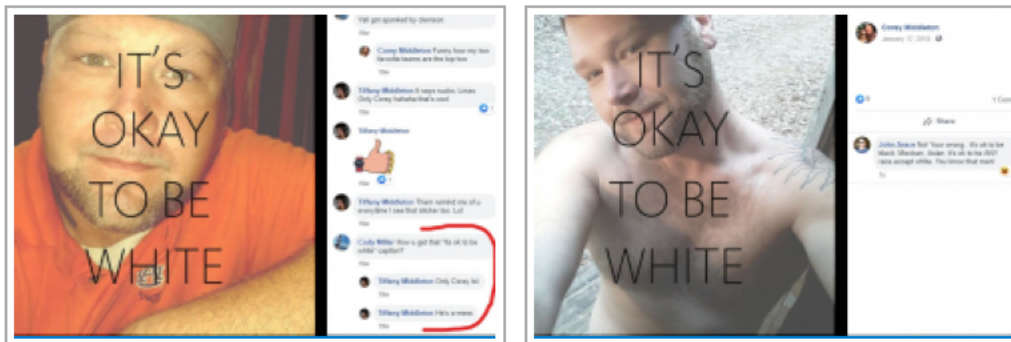

In some of his profile pictures, he's seen with a [Revenge of the Cis](#) filter. Revenge of the Cis is a fascist, anti-Semitic, misogynist, rape apologist/victim blaming, "redpill," and specifically anti-LGBT+ podcast. In their videos, they can be seen mocking LGBT+ individuals, making racist comments, and promoting other content of fascists/alt-righters such as Owen Benjamin, Harrison Smith, and Vox Day.

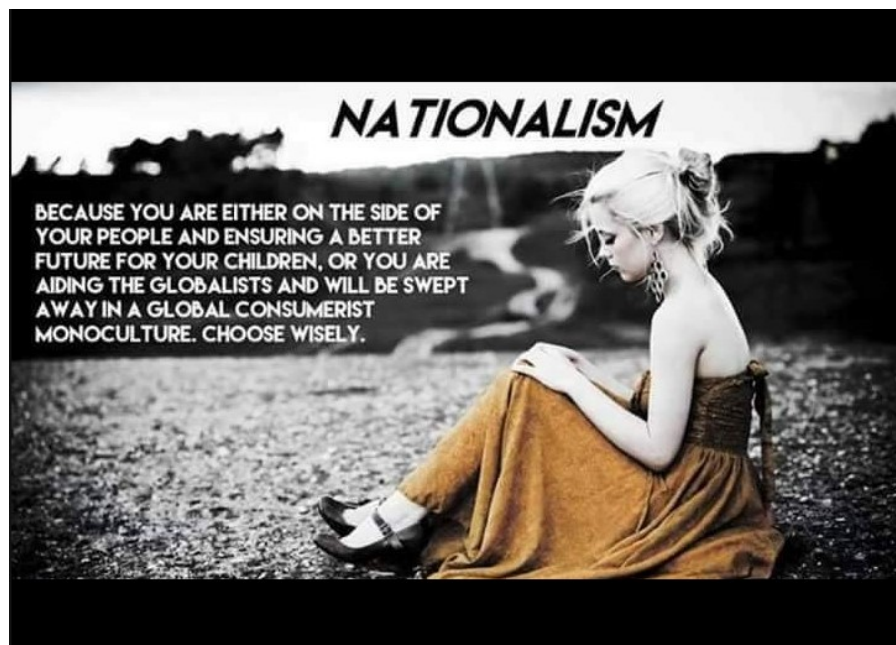

Elsewhere, he can be seen posting pictures with the fascist dogwhistle “It’s okay to be white,” which is used to smuggle in white “identitarianism” (that is, “white identity,” which is another word for ethnonationalism) into popular discourse. This is prominently seen in violent fascist hate groups Identity Evropa, recently rebranded as American Identity Movement, and Patriot Front.

He also features an anti-Semitic Facebook cover which argues that, if one isn’t a proponent of nationalism—which is pro-“the white race” and a future for white children—then one is aiding “globalists,” which is another dogwhistle meaning “the Jews,” and that one will be swept up in a “monoculture.”

He supports the racist flag of the Confederacy and has no sense of aesthetics.

Here he shows sympathies with a racist form of heathenism/paganism, such as that espoused by fascist group Asatru Folk Assembly and Wotanist groups.

He's something of a gamer and has left a paper trail of some games he likes to play, such as [Robert E. Lee: Civil War General](#) for Windows 1996. Notice his dishonesty in relation to racism, as his views shown above are inherently racist. Also notice the usage of the word "[cuck](#)," which is a popular and racist word used in the alt-right.

👤 you political correct pussies need to be beat down !

👤 If this game is racist then WW2 games are antisemitic.

👤  SOME GUY ON THE INTERNETS 2018-10-11 1 point

👤 No, this game is not racist. Modern wargames are not racist for letting you play as the terrorists. American Revolutionary War games are not anti-American if they let you play as the British. Robert E. Lee Civil War General is an excellent Civil War simulation game, and if this game couldn't come out today, then 1996 was right and 2018 is wrong

👤  VONHELLBLAZER 2018-08-22 -9 points

👤 I wouldn't say that it's racist, but it certainly wouldn't fly today. We have a much different social/political climate than we did in 1996. If a publisher released this game today it would certainly be dubious. I would certainly question the motivations of a company if they released this today. This game probably was made with historical intentions in mind, but in 2018, we don't honor those who fought for rights to own slaves by celebrating their victories in battle.

👤  TAPS 2018-06-27 5 points

👤 You are an idiot if you think the game is racist. Historical battles and Generals.. ect. No politics, no metion of slavery and you can play for the north or south. Try again race baiter, not all people just blindly believe what other people (Rando and WOW) spew out. Especially on the internet.

👤  BADGER2013 2018-06-21 2 points

👤 A great game that will still work on Windows 10 as long as you have wing32.dll in windows\SysWOW64. The game needs this as it uses WinG (<https://en.wikipedia.org/wiki/WinG>) instead of DirectX, and recent Windows installations don't include WinG.

👤  KAISERDAY 2018-06-17 6 points

👤 You are seriously going to call this racist because of a confederate soldier and flag? Christ you losers need to get a grip.

👤  HAMBONES FURY 2018-02-22 -11 points

👤 WOW you are the racist you ignorant cuck

He's also left a review for the game [World War Rising](#).

“ Love this game! But could be better ★★★★★
I'm loving this game especially my alliance. But it would be so much better if I could send in game gifts to my alliance members. If you can make this happen I would die of happiness *”*

[Further evidence](#) of his fascism and his sympathies and support for other fascists is evidenced by him commenting on Jason Kessler's website. Kessler was an organizer for the violent and deadly Unite the Right rally.

Mr. Goad has exhibited a peculiar hostility toward persons, not of his beliefs, since I learned of his existence 4 years hence. His behavior is not only hostile and threatening but a concern for all those he encounters. In police terms this person fits the textbook definition of a PIN.

Additionally, his “likes” on Facebook also show his fascist views, sympathies, and support of other fascists and fascist organizations. For instance, we see that he likes pages such as Occidental Revival, Wolfclan Armory, Breitbart, and alt-right “Kekistan” pages.

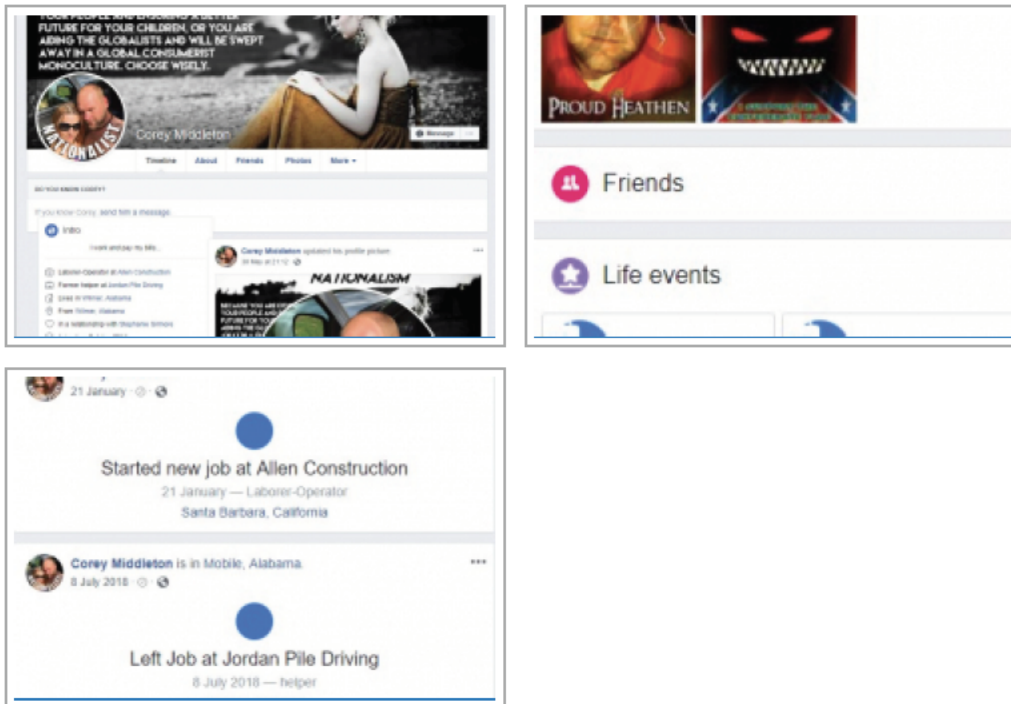

The page Occidental Revival has images in favor of the fascist tiki torch rally the night before Unite the Right, where white supremacists encircled a handful of university anti-fascist and anti-racist students and committed violence against them. Wolfclan Armory is a fascist storefront. Eugene Antifa has [written about them](#).
